London, Eng.—Lady Ancaster, formerly Elsie Brees, recently of New York, is in mourning for her brother, Lawrence Brees, recently killed in France, and is consequently not entertaining much at present. She and Lord Ancaster, however, have taken Lady Minto's beautiful mansion at the corner of Lancaster Gate, Hyde Park, having no London home of their own, and invite just a few persons to luncheon and dinner almost every day.

Among their guests have been the duchess of Abercorn, lady Ridley, Mr. Vansittart, of the foreign office, and Sir Seymour Fortescue.

FATHER BARRY'S SERMONS AT SANTA FE ARE STRONG

Santa Fe, N. M., May 21.—"I am the way, the truth and the life," the legend in the altar picture of the crucifixion in the cathedral, was the text of Father Barry, of El Paso, in addressing the Knights of Columbus.

An audience of several hundred worshippers attentively followed the eloquent sermon of the priest, who convincingly developed the argument to prove the divinity of Christ.

The music by the cathedral choir was of a high order, and Father Barry will preach until Sunday morning.

WATER USERS' CASE MAY BE TRANSFERRED

Las Cruces, N. M., May 21.—Attorneys for the reclamation service have asked for the record in the induction suit of the Water Users' association against the reclamation service officials to restrain them from cutting off the water in the canals.

This is taken to indicate the intention of the reclamation attorneys to request Judge Pope, of the United States district court, at Santa Fe, to assume jurisdiction over the contest between the water users and the reclamation service resulting from the refusal of the former to sign the water service contract.

Judge Edward Medler, of the district court, refused to transfer the case from his court to the federal court and the appeal to Judge Pope is next expected from the reclamation service attorneys.

Face Eruptions Have Deep Significance

Often They Indicate Impurities Deep in the Tissues.

The results shown by S. S. S. in clearing the skin reveal how seriously and how deeply this famous blood purifier attacks blood impurities. Facial eruptions are more often symptoms of impurities resulting from faulty elimination of body wastes.

Most people realize this to be true. And yet it is a difficult matter to convince such people that they should avoid those harmful drugs such as mercury, iodine or potash, arsenic and so on. S. S. S. gives just as good effect without the destructive results, because it is more effective. It goes deeply into the circulation wherever the blood flows, but it does not remain to clog the system. And its effect is complete and thorough as indicated by blood tests. One of the strange things today is that so many people are wedded to the notion that mercury is the one antidote. It is not so. There is in S. S. S. a product of nature that is rated one of the most potent principles known for the complete elimination of blood troubles.

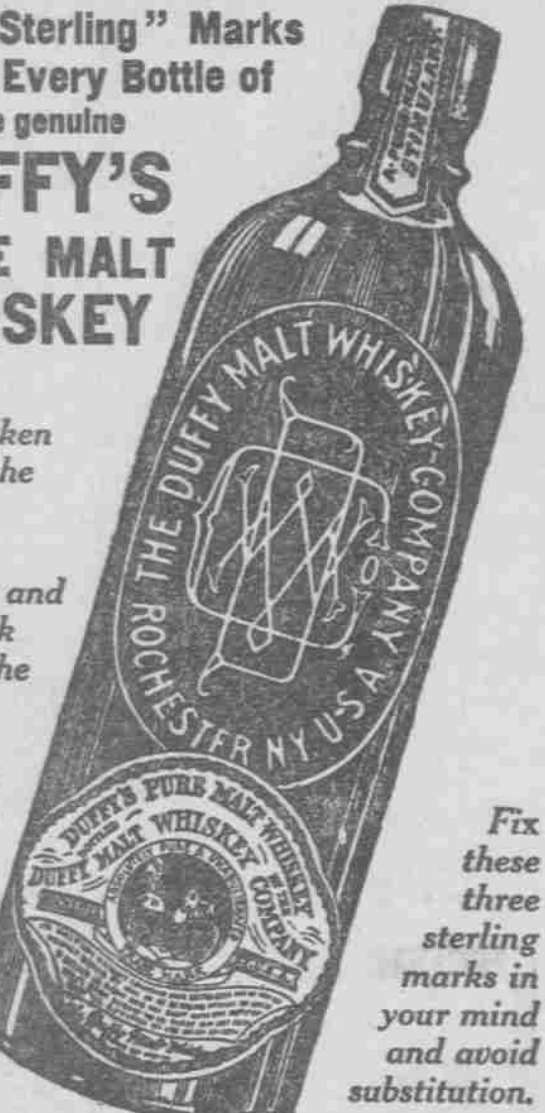

Whenever you go there are people who know this to be true from their own experience, for it has been clearly shown there is one ingredient in S. S. S. as essential to health if the blood be impure as the nourishing elements of the grains, sugars and salts of our daily food. Get a bottle of S. S. S. today of any druggist, but insist upon S. S. S. accept no substitutes. And if your case is peculiar or of long standing, write to the Medical Adviser, The Swift Specific Co., 101 Swift Bldg., Atlanta, Ga.
